#### LATEST INFORMATION.

(Reuter's Service.)

London, May 14. Mr. S. Baldwin, Prime Minister, was loudly cheered by the Conser-

vatives and to some extent by the Labourites when he gave the House of Commons the latest authoritative linformation as regards the industrial situation before the separation. for the week-end.

He said that the negotiations as: regards the docks and certain forms of transport were pursuing a normal course.

An agreement had been reached for the resumption of the bus, tramway, and tube services to-morrow, but the terms of settlement were not yet available.

He next referred to the prospects of an imminent railway agreement llwhich was shortly after entered

The Prime Minister, in conclusion, said that there was no possibility of the parties in the mining. dispute agreeing between themselves. He therefore had prepared proposals which he was of opinion would form a reasonable and fair ballingeringering the street described the second would be handed to them at the week-end for consideration.

#### Scheme Outlined.

London, May 14. Mr. Buldwin's proposals have been submitted to the owners and miners. "He proposes to introduce in the present session a number of BHIs embodying the Coal Commission's recommendations, grant a temporary subsidy of £3,000,000; to establish a joint Board with an independent Chairman to

frame wages conditions pending the permanent re-organisation of the industry. Comprehensive Legislation. lin Mr. Baldwin's proposals the

legislation foreshadowed is most comprehensive. It deals with amalgamations of mines, the establishment of a Coal Advisory Committee, a Nation Wages Board, a National Fuel and Power Council containing representativés Labour, and a Committee to investigate the question of selling by

yndicates. Wages Question.

The proposals require the miners to accept a reduction in the minimum wages other than the subsistence rates for a short undefined: period, whilst the owners will bear wages equivalent to 100 per cent. of the net proceeds based on the January-March quarter as far as is necessary to maintain those wages. " The Government will fill the gap with a subsidy not exceed-

ing £3,000,000. National Wages Board. Meantime a Board will be established consisting of three representatives each of the owners and miners, with an independent Chairman, to frame a national wages and hours agreement and to decide the principle on which district rates

can be ascertained. The Board shall issue a decision

within three weeks. Finally the proposals stipulate that the provisional undertakings by the Government are conditional on the acceptance of the terms of the memorandum by all parties.

RIGHT CONCLUSION.

Praise From Ramsay MacDonald.

(British Wireless Service.)

Rugby, May 14. Mr. Ramsay MacDonald, the Labour leader, expressed his satisfaction at the Prime Minister's. statement. He added that he was a certain that the Prime Minister had came to the right conclusion in regard to the mines difficulty, and he was very gied that Mr. Baldwin had taken the step of making his

MISSION PERSECUTED.

(From Our Own Correspondent.)

Patks Kongmoon, May 11. The Marion Barclay (Presha terian) Hospital here has re-opened but another closure is contemplated because of persecution by antiforeign, agitators,

First of all, a gardener who was carrying two tins of kerosine for the hospital, was arrested by Canton boycott pickets.

Then two junks, with about two hundred pickets on board, arrived at this port. Three of them are alleged to have thrown stones into the hospital, thereby breaking windows and water jars.

Dr. J. Macdonald, who is in charge, proposes to close the hospital again, as was the case after the strike began.

Four coal junks seized by pickets. which have been here since the end of February, have been sent to Canton to be confiscated

Philippine Mahogany.

The Philippine mahogany, by which term reference is made to red or white lauan or tanguile, was defended at the hearings before the federal trade commission in Washington of the complaints against such woods. A summary of the memorandum of Major, F. G. Munson of the judge advocate's office, who acted as attorney for the Philippine government in the hearings, was received at the office of the governor keneral recently.

Major Munson reports that when Philippine mahogany was first marketed in the eastern part of the United States very poor woods were offered, mostly wormy and not properly graded, as a result of which eastern dealers bécame prejudiced. Scop suffering with dyspepsia and "painful stomach aches by taking Bisurated Magnesia which gives instant relief. Not only does Bisurated Magnesia neutralise the harmful acids but it also soothes, heals and protects the stomach against further attacks. This famous remedy is recommended by doctors and used by thousands of people all over the world who have found from experience that it is the best and quickest way to obtain certain relief when the stomach is upset. Bisurated Magnesia is sold by all chemists and stores in both powder and tablets.

### BISURATEN MAGNESIA

Look for this symbol on the blue . wrapper, it is there to protect you - BISMAG against fraudulent imitations.

### Excessive perspiration is a sign of weakness

Not, of course, the perspiration due to heavy exertion or heat, but the "Cold perspiration" and nightsweats which accompany weakening diseases, such as Tuberculosis. These nightsweats are not only a sign, of weakness, but they also weaken the body. To conquer this weakness you should build up your forces right from the core by strengthening the body-cells with calcium, their vital constituent. Kalzana will do this for you.

Kalzana tablets contain calcium in a special chemical comkination, which causes the calcium to be readily absorbed by the body and retained. The strengthening influence of Kalzana will be noticed even after a few days by a lessening of nights weats.

In Tuberculosis. The strengthening effect of Kalzana is of special importance in Tuberculosis. The fortified cells are more easily able to resist the attacks of the bacilli, while an excessive content of calcium in the organism causes calcium to be deposited in and around the infected places in the lungs, by which process the bacilli are "caged in," so that they can do no further harm.

Strengthen your body by strengthening its cells with

New York, May 14th, The Nonge is twelve hours over due, but Amundsen's friends are little concerned. They are opinion that he is exploring further afield than he originally intended in the hope of finding land suitable to serve as a refuelling station when trans-Polar flight becomes a normall method of travel.

The theory is that othe atmospherics are preventing a wireless message fitom Amundsen reaching America.

This was the man. the Chinese detective said, who had, introduced him to the defendant and had carried out preliminary negotiations.

Marked Notes. The chemicals were to be sold at \$40 a lb., stated the Chinese detective, and the notes he eventually handed in payment were marked by the police. On handing the chemicals over to witness the defendant told him to say, it he was questioned, that they were ingredients for curry mixture. At a subsequent meeting at which more chemicals allegedly for the manufacture of bombs were to be passed over, the Police were informed of the arrangements and the defendant was arrested as he was on his way to the Hotel which had been fixed as the rendezvous. To carry out the bluff witness was also amested and tied up.

. Defendant's house was searched, and, on the defendant's wife being told to produce the money she had, the marked notes used in the payment for the earlier chemicals were produced. More chemicals of a similar nature to those which had formed the subject of the negotiations were found, also a book entitled "A Treatise on Service Explosives." A number of invoices relating to the purchase

of powder were also found. Defendant's case was that he was selling the powder understanding that it was to used in the manufacture of crackers at Macao.

#### TRIAD SOCIETY.

SENTENCES AT KOWLOON COURT.

Fines or alternative imprisonment were the sentences yesterday at the Kowloon Magistracy on alleged members of a Triad Society, the arrest having followed the seizure by the Police of a. large quantity of writing material relating to the Society.

The first defendant, against whom it was stated that his house was used for the purposes of the meetings of the Society, was fined \$350 or six months' hard labour and three others were fined \$100 or three months' hard labour.

Various excuses were put forward by the defendants all of whom denied connection with the Society. One stated that he was: on a visit to a sick friend on the night of the arrest. His name, he stated, was not on any of the documents seized and it was merely his kindly action that led to his appearance.

#### AMERICAN PAPER

EVERYWHERE EXCEPT IN SHANGHAL

Wherever Americans have gone about the world in any considerlable numbers they have always taken their newspapers with them Mr. Thorgesen, a Haiphong mer- and nowhere has this been more chant, by false pretences, a sum true than in this part of the world. of \$409, Charles Hay Lai (de- In Hawail, The Philippines, in scribed as a native of Hongkong) Tokyo, in Peking and Tiontsin, and failed to surrender to bail in \$500 Hankow the American communities at the Police Court this morning, are served by newspapers owned and controlled by American ordered bail to be estreated and citizens. Everywhere except in issued a warrant for defendant's Shanghal, the most important city in the entire Orient. The American population at Shanghal is said to be the largest outside of the United States and according to statistics compiled by the American Consulate-General, is rapidly growing, American commercial and und nonry-educational activities in the Far East are largely centred at Shanghai," many interests even conducting their activities in Japan, the Philippines, and elsewhere in this part of the world from Shanghal. The Americans formerly did

control a newspaper at Shanghai, but as has been pointed out in previous discussions of this subject in the issues of the "Review" for April 24 and May 1, "The China Press," which was established, by American interests, has been permitted to pass into non-American ownership and control. At present "The China Press, although registered in the state of Delaware, is actually owned to the extent of more than ninety per cent. of its stock by the Ezra Estate, a British corporate entity and is managed by two brothers of Mrs. Ezra. Theodore and Arthur Sopher; one being registered as a British subject and the other as French. Neither of these gentlemen has ever been in the United States and prior to their coming into control of "The China Press," had had any newspaper experience. The point we wish to make is the obvious impossibility of a newspaper owned and managed as is "The China Press." to represent American ideas, ideals or policies, regardless of the sincerity of the desire of the proprietors to do so. Various efforts have been made to bring "The China Press" under the Amertean ægis, but they have all failed land the paper which has been looked upon as the American organ is not American from the standpoint of either ownership or control and is not even registered as an American enterprise at the local American Consulate-General. As stated in last week's issue of "The Review" there are two ways of solving the situation: By pur-Lands:-Have declined to a chase of "The China Press" in

A local soccer record was established by the fat XI of the Kowloom Fic. who won the senior league champlonship and lifted the senior competition for the H.K.F.A. challenge shield. In the last four seasons, they won the shield three times, and were runners-up onco. Above are the all-conquering players. Left to might, (top) S. G. Hayes, P. Wheeler, B. Rasmussen, F. Here are some snapshots taken at the Royal Artillery annual athletics sports, held last week at the U.S.R.C. ground, Kowloon. The photo above shows competitors tackling h formidable "hurdle" in the obstacle race. On the left a runner can be barely distinguished, disappearing in the background, who has evidently "gone over" in quick time:

The fair nox were also entered for as regards active participation. The photographer has snapped the ladies, running "neck and neck" in the egg and spoon race, "egged on" by "Musicus", (seen in the middle) who is also seen on page 8 of this issue.

Photos by Lee Fong.

To some-it is hoped only at very few-the most important part of sport, namely, the prize distribution. Mrs. Scovil is seen in the centre of this charming gathering, gracefully rewarding a successful entrant.

For many years, Mr. W. G. Gerrard (Assistant Superintendent of Police) has held the Hongkong champlonship for shot-putting. On the left, this redoubtable veteran is seen retaining his title at last Saturday's V.R.C. sports. On the right, a competitor at the R.A. sports is seen showing the Tommies how it should be done.
